MAIN STREET IMPROVEMENT—Messrs. W. A. Gaines & Co. are preparing to erect a handsome building on Main street, between their office and Dr. J. S. Collin's building. It will be used as a warehouse to store bottled whisky and will extend as far back as the bottling establishment. Mr. Charles J. Clark, the architect, of Louisville, was here Monday making his measurements for the drawing of the plans and specifications. The work of tearing away the old building began Thursday.

A FIVE-YEAR-OLD—Monday, a five-year-old son of Mr. John Edge, of the Pea Ridge neighborhood, arrived in the city from Lexington. Not notifying his parents that he would return home that day they failed to meet him at the depot, and his distress occasioned loud cries which brought to the scene officer Will Gordon, who kindly looked after the little fellow and had him taken to his home.

EXECUTOR—Riley Brewer, Monday, qualified as executor of the estate of Thomas Brewer, deceased.

DEPOT DOORS—Monday morning the accommodation train slipped the switch and ran into the doors of the L. & N. depot, knocking both doors off and doing other slight damage to the walls and platform.

SEVERELY CUT—Saint Conway, son of Mrs. Mag. Conway, was severely cut in the arm with a knife he was using in Sargeant's meat store, on the South Side, Friday night of last week.

JUDGMENT AFFIRMED—The case of Lucy Hall, colored, of this city, who was given two years in the penitentiary for stealing, was affirmed Saturday by the Court of Appeals.

SUBSTITUTE—Mr. J. D. Beard has been elected by the Police and Fire Commissioners, a supernumerary on the police force.

HEIRS OF JERE SOUTH—Suit has been filed in the United States Court in this city, the next term of which will be in June, by the heirs of Jere South, deceased, to prevent trespassers on their land in Breathitt county from cutting and removing therefrom valuable timber. Deputy Marshal Con McCarty went to Breathitt county Monday to serve notices on about twenty-five persons who are defendants and claim the ownership of the land under various titles.

THE ONLY FEMALE NOTARY—Miss Hannah Innes, private secretary to Attorney-General Hendrick, and great granddaughter of Judge Innes, the first United States District Judge in Kentucky, qualified as notary public in County Clerk Smith's office, on Wednesday. Mr. T. J. Todd is the surety on her bond. Miss Innes is the only female notary in this county and may be in the State, and is now lawfully authorized to break the third commandment and cuss to her hearts content for the sum of fifty cents a cuss.

THE COUNTY COURT—The Magistrates of the County Court of Claims met in the court-house Tuesday, with the intention of making a settlement with ex-Sheriff John C. Noel and fixing the tax levy for the current year, but as the Sheriff made such a splendid report of his receipts from delinquents, whose property he re-advertised for sale for last month, aggregating more than \$4,000, the court concluded to give the delinquents

another chance and again have the property re-advertised for sale on the first Monday in next month. The court then adjourned to meet again March 20th, when the settlement with the ex-Sheriff and the fixing of the tax levy will be made.

A CORRECTION—In the last issue of the ROUNDABOUT there was a notice of the suicide of Sam Cook, of Shelby county, who, it was reported at the time, was a brother of Capt. Smith Cook, the Kentucky giant and ex-door-keeper of the House of Representatives. It was an error to say that he was Capt. Cook's brother. He was merely a distant relative.

ANKLE BROKEN—Mrs. Wm. Conners, on High street, was severely injured last Thursday by falling and breaking her ankle.

FRANKFORT AGAIN HEARD FROM—Prof. Wolfe's orchestra, on Tuesday night, at the reception at the Executive Mansion, played, for the first time, a new waltz, entitled "Elbron," which Mrs. Jacobs, of Cincinnati, formerly Miss Denia Kahr, of this city, composed. It was pronounced by those who heard it a sparkling and catchy piece of music, that is destined to win its way into the favor of pianists.

THE FEEBLE-MINDED INSTITUTE—Senator George has a bill before the Senate to convert the Feeble-Minded Institution, in this city, into an asylum for insane females.

CONTRACT FOR TIMBER—Messrs. W. H. Hampton and Henry Vest have been awarded the contract for furnishing the timber for the new lock No. 7 at the Cincinnati High Bridge on the Kentucky river. They went up to the lock site Wednesday, and will at once begin preparations to secure the necessary timber.

GROCERY ROBBED—Tuesday night burglars entered the grocery store of Joe Noonan, on Ann street, and took from the safe about \$15 in money. A large amount of money in the cash drawer was not touched. The entrance to the store was effected by means of a duplicate key, and as the safe was accidentally left open that night, the thief had no trouble in securing his booty. The police think they are on the right trail, and expect to find proof enough within a few days to justify the arrest of the suspected criminals.

MATRIMONY SOLD—Messrs. W. J. & W. H. Lewis, of Belair Stock Farm, this county, sold last week to Messrs. Smith Brothers, of Birmingham, Alabama, their fine young trotting mare, Matrimony, 2:23 1/4 at three years old. Price private.

BROKE HIS ARM—Riley Phillips, a lad of fourteen years, living about three miles out on the Bald Knob turnpike, while being ridden on a stick Monday by a number of boys who got to scuffling and wrestling, was suddenly dropped to the floor and sustained a fracture of his arm near the wrist.

A CHILD PARDONED—The ex-Sheriff of Whitley county, on Tuesday, brought Wesley Woods, a lad of thirteen years, to the penitentiary under a sentence of one year for grand larceny. As there is no reformatory institute conducted by the State for juvenile offender, the Governor pardoned the boy and the officer took him back home, promising to stand good for his future behavior.

ON THE RIVER BANK—Mr. Will Chinn, Clerk of the United States Court, is mystified. Monday a little

son of Constable Harrod found a bound volume of the United States Reports, No. 104, on the river bank, and as all such books are kept locked up in the District Attorney's office, the question is: How did the book get there?

RECOVERED—Urban Stephens, who was shot by Richard Suter last week, has recovered. He appeared on the streets Monday.

A MERITED NOTICE—The Albany (N. Y.), Law Journal, one of the oldest and best edited law magazines in the country, has favorably commented on ex-Gov. Knott's argument before the Court of Appeals on the World's Fair appropriation.

JACK LONG'S POSSIBLE LUCK—A short time since, Mr. Ashley Gulley, a former resident of Garrard county, in this State, died in California worth several millions of dollars. The county clerk of Garrard county has received notice to the effect that the heirs to this immense wealth must file their claims, and it is therefore probable that the deceased had no direct descendants; in which event Mr. Jack Long, of this city, a first cousin of Mr. Gulley and whose mother partly reared him, may receive a large portion of the estate. Mr. Long can easily establish his relationship and will take steps at once to file his claim.

SHIPMENT OF FINE HORSES—Col. R. P. Pepper, on Thursday, shipped to New York to be disposed of at the great Tattersall sale, a car load of horses which Onward, Norval and other great stallions sired. To-night Col. Pepper and Mr. George Hays, his trainer, will go to New York to be present at the sale.

DIAMOND PIN RECOVERED—Mrs. Caswell Bennett has been made happy by the return of her diamond bar pin, which she lost several weeks ago. It was a valuable ornament, worth no less than \$200, and its loss was a grievous trial to her. Last week a notice of the loss appeared in the ROUNDABOUT, and Saturday Mr. Jas. Welch, who had found the pin, returned it to Mrs. Bennett. Moral—When you want the people to know any thing tell it to the ROUNDABOUT.

A NEW PUMPING ENGINE—Mr. J. W. Tierney, representing the Barr Pumping Engine Company, of Philadelphia, arrived in the city Monday and is engaged in placing in position a splen-

did new engine at the pumping house of the water company. The new purchase was made as a reserve engine for use at any time when the old engine gets out of order, or in case the demand for water might increase to such an extent as to require the services at times of both engines, each of which will have a capacity of pumping 2,000,000 gallons daily.

BELOW THE BRIDGES—The high water now will not admit of the Falls City passing under the bridges, and on her last trip, on Wednesday, that boat, with a splendid trip of freight and passengers, was obliged to unload at the sand bar.

Something to Remember,
